Baburu Bowl, Big - Black

Family Description Text

Balancing delicately upon a single bubble, the Babaru Bowl is a sculptural reimagining of the traditional Japanese bowl, where everyday function meets quiet poetry. Inspired by the fleeting beauty of a rising Baburu, the Japanese word for bubble, it captures that suspended moment of stillness, when fragility and strength exist in perfect harmony. The bowl becomes more than a vessel; it is an object of contemplation, a form that embodies both presence and impermanence. Whether holding cherished items or standing alone as a piece of art, the Babaru Bowl invites a sense of wonder into its surroundings, transforming the ordinary into the extraordinary.

Color Description

A deep, pure black absolute in tone and endlessly bold. Its intensity creates powerful contrast while its timeless depth evokes elegance and clarity.

Maintenance Guide Description

Our hand-painted ceramic pieces are crafted as decorative objects, designed to age gracefully when cared for with gentleness.

The outer surface of our pieces is hand-painted and should be treated with the same reverence dust lightly with a soft, dry cloth, allowing the painted character to remain untouched. Water, harsh cleaners, or abrasives should never meet this surface, as they can disturb its delicate finish.

Vases are sealed within and may hold water for fresh flowers. Clean their interiors gently with lukewarm water, then dry carefully, taking care that no moisture touches the painted exterior.

To preserve their vibrancy, keep each piece away from prolonged sunlight and sudden shifts in temperature. With such mindful care, every ceramic piece will hold its artistry, warmth, and timeless presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
