Mounting	Ground
Glass Colours	Grey 1, white 1
Lamp	1W LED, 2700K, 100lm (2500K and 3000K options available)
Finish	Bead blasted
Materials	Poured glass, stainless steel, electrical components
Power Supply	Remote mounted in a watertight, easily accessible, and hidden location for ease of long-term maintenance. Not dimmable.
Environment	Outdoor, wet location. IP56
Note	Every single Bocci product is handmade. They are blown, poured, carved, polished, packed and dispatched directly by us. As such, no two products are identical; they are individual, irregular expressions of our research.

Bocci outdoor fixtures require regular cleaning and maintenance. Stainless steel will naturally patina over time, and maintenance needs increase in extreme climates (high heat, humidity, salinity, snow, sand, or heavy rain).

Coastal environments: Corrosive coastal conditions accelerate deterioration even with proper maintenance. Surface corrosion in these settings is considered normal wear and is not covered under warranty.
